#ImWithHer

Every year, at every election, and especially presidential ones, we say, "This is the most important one ever." BUT THIS YEAR, IT TRULY IS.

On November 9th, we could wake up to having elected Hillary Clinton President, a Pro-Choice U.S. Senate and House of Representatives, and a Pro-Choice New York State Senate. Or we can awake to the most fascistic government this country has ever known, resembling Germany in August 1934 when Adolph Hitler was elected führer.

That is not an exaggeration! We have had anti-choice presidents before who catered to their zealot constituents; but we've never had one who shunned any vestige of governmental protocol, knew absolutely nothing about the balance of power or government structure, allied himself with Russia, and let "hate" be his guiding light, consistently demonizing and belittling Mexicans, Muslims, immigrants, women, the disabled, and other groups – and who blatantly

Endorsements:

Targeted Races

CONGRESS

Sean Patrick Maloney (CD 18) is a strong ally of all pro-choice groups and coalitions. He is 100% pro-choice and has voted consistently to protect women's comprehensive healthcare including the funding of Planned Parenthood. His opponent is vehemently against women's reproductive rights and an ally of Westchester's anti-choice extremist County Executive. **Re-elect Sean Patrick Maloney!**

Four Critical State Races

THE STATE SENATE

George Latimer (SD 37) is 100% pro-choice and an advocate for legislation that ensures access to vital services for women. He supports the Reproductive Health Act, and believes New York women deserve 21st century healthcare. In sharp contrast, his opponent does not. She refuses to support the Reproductive Health Act which would remove abortion from New York's penal code, put it in the health code, and provide women with the healthcare we deserve. **George Latimer has our overwhelming support!**

Alison Boak (Ali) (SD 40) is a lifelong advocate for women and 100% pro-choice. She is an internationally recognized expert on human trafficking and advocate for adolescent health. She established an anti-trafficking model for the U.S. Department of Justice. In sharp contrast, her opponent is an extremist who has been endorsed by anti-choice right-wing groups because he opposes abortion even in cases of rape and incest. **We need to elect Ali Boak to the Senate!**

embraced rape culture. At his rallies, Trump whips his followers into a frenzy, inciting violence, by declaring he will imprison his political opponents; and then he sits back, enjoying their chants of, "Hang her in the streets." Just as in 1934 Germany, Trump eviscerates anyone or anything that gets in his way, and his supporters love it.

No State is safe. State governments are already well on their way to criminalizing abortion, and women are already dying – not in the proverbial streets, but rather in semi-public places and apartments, using herbs and teas that provoke abortion and hemorrhaging, as well as sharp objects that offer the promise of affordability but instead deform or kill.

People *incorrectly* think that there is no problem for women in New York State. They mistakenly consider NY a safe healthcare haven. The reality, however, is quite different. 53% of NY counties have no abortion clinics and the number of abortion providers is decreasing every year. Outside of New York City,

THE STATE ASSEMBLY

Brian Higbie (AD 94) is pro-choice and running against an anti-choice conservative who refused to respond to our questionnaire. This opponent promises to follow in his anti-choice predecessor's footsteps, which means working to defund Planned Parenthood! **We're excited to endorse Brian Higbie!**

Sandra Galef (Sandy) (AD 95) is a strong advocate for comprehensive reproductive rights for women. She is an outspoken supporter of Planned Parenthood, equal pay, and paid family leave. Her opponent is not. He is anti-choice, refusing to even answer questions on his views about women's healthcare. **Re-elect Sandy Galef!**

WESTCHESTER COUNTY

Anthony Scarpino (Tony) (District Attorney) has extensive legal experience. He worked as an FBI agent, served as a County Court Judge, and then as Surrogate Court Judge. Tony knows the importance of the law and that women have a constitutional right to safe access to reproductive healthcare including abortion. His opponent is anti-choice and refuses to respond to questions about his understanding of laws governing women's health. Westchester needs a DA who will defend women's rights. **Elect Tony Scarpino.**

A Few Salient Points

by Catherine Lederer-Plaskett,
President/Chair of the Board

1 **Be kind to your neighbor.** Many people can't get to the polls. Age, weather, physical impairments or simply no transportation can stop a person from voting. Don't let that happen. Lend a hand and a ride. You can also call: 914-946-5363 and we'll find you transportation. We all need to vote

2. This year's election is more than the presidential race alone. **Voting all the way down the ballot matters!** REMEMBER: Determining who is in the White House, and who controls Congress, the New York State Senate and the Assembly will decide what laws protecting women's rights do or don't get passed. Who is elected Westchester District Attorney will determine whether those laws are enforced.

3. When *Roe v. Wade* became the law of the land in 1973, other pro-choice advocacy organizations across the country packed up, believing the war was won. *We did not.* We recognized that women's reproductive rights would always be under attack and that protecting our rights would

require constant vigilance. We were right!

We see that again today in New York State, even though our state - even now - does not guarantee women the full protection of *Roe v. Wade*; abortion remains in NYS's penal code; and NY women are denied 21st century medical care. Some groups like NARAL ProChoice NY which closed in January and Empire Pride which closed last December, are gone. But we are here. The fight is hard but definitely worth waging.

WCLA - Choice Matters has been here for pro-choice voters for more than 43 years. WE DELIVER and we will continue to do so! In the Special Election in April, WCLA PAC went to Nassau County and made the difference in NYS Senate District #9 – winning by getting pro-choice voters to the polls. 780 votes put that seat in the Pro-Choice column!

Our work requires your support. We don't need massive SUPER PAC money to succeed, but we do need your contributions. As we've clearly demonstrated, we spend our funds wisely. The more you invest in us, the greater our impact will be on New York State and federal politics. It starts with a donation from you. Please make a contribution today.

to get an abortion past 16 weeks is dramatically more difficult. Women have to travel to the City or Westchester to terminate, plus figure out how they will afford a three-day procedure, including housing, food, etc. – not to mention missing work, school and leaving their families. After 24 weeks, it is virtually impossible to terminate here. NY's law was written before *Roe v. Wade* and does not provide the full constitutional protection guaranteed by *Roe*. If a woman's health is at risk or something goes wrong in her pregnancy after 24 weeks, she must seek care outside of NY because State law does not allow a doctor to provide abortion coverage.

It is quite literally now or never. Trump has promised to appoint only anti-choice extremists to the U.S. Supreme Court who will overturn *Roe*. His running mate, Mike Pence, has declared, "We'll see *Roe vs. Wade* consigned to the ash heap of history where it belongs." Both Trump and Pence have made clear they believe women who have abortions should be punished. As governor, Pence signed legislation into law that does just that. Both men oppose both equal pay and a minimum wage. Trump has pledged to make the Hyde Amendment permanent and sign an unconstitutional 20-week abortion ban into law. He has assembled an advisory board whose members even oppose many forms of birth control. The head of the board, Marjorie Dannenfelser, is president of the anti-choice Susan B. Anthony List. Another member, Tony Perkins, is a supporter of the white supremacist group Council of Conservative Citizens Louisiana Chapter and head of the anti-LGBTQ Family Research Council which has been classified as a hate group by the Southern Poverty Law Center. The National Right to Life PAC has endorsed Trump and Pence because of their extreme anti-choice agenda.

That said, we have the opportunity to elect THE BEST advocate women have ever had - **Hillary Clinton**. She has been an

outspoken leader for women's comprehensive reproductive rights her entire life. She has stood up, and refused to be shut up, for all the things that have mattered – equal pay, paid sick leave, economic justice, Title IX and X, and more. She helped pass the Children's Health Insurance Program (CHIP) which covers more than 8 million children. She fights for the rights of the disabled and the elderly. Hillary understands what it means to care for your children while caring for your parents.

You have the opportunity to do something really big. Please, don't sit on the sidelines waiting for someone else to do the heavy lifting. Get out there. Talk with everyone about why they must vote for Hillary Clinton on November 8th. There's no time to waste!

WCLA PAC & ProChoice Voter Endorsement Policy, 2016

WCLA PAC and ProChoice Voter make their endorsements based on the candidate ratings made by the Board of Directors of WCLA - Choice Matters.

WCLA PAC's and ProChoice Voter's endorsements are determined case by case. To be considered for endorsement, candidates must complete and return the Organization's questionnaire and participate in an interview if requested. All endorsements are made on a strictly non-partisan basis. The questionnaires, incumbents' and opponents' records, leadership, and helpfulness during the legislative session are all reviewed. Consistency between candidates' actions, interviews and questionnaire responses is important.

Each race is voted separately. Incumbents may be endorsed over pro-choice challengers if they have consistent voting records and have established a reputation for strong leadership and extra effort in advancing access to abortion and contraception. Non-incumbents may be endorsed if they have demonstrated leadership on the issue.

Endorsement is considered only for those who unequivocally support:

- Access to abortion and contraception for all women, unimpeded by laws, restrictions, or regulations
- Strict confidentiality for all reproductive health care;
- Coverage by public and private insurance of abortion and contraception.

Judicial candidates: To be eligible for endorsement, judicial candidates must participate in an interview if requested, and neither seek nor accept the Right to Life Party nomination.

Hillary Clinton's Record of Accomplishments is awe-inspiring and too lengthy to write here. Please visit the following websites to explore in more detail why Hillary is THE BEST candidate for the job of President of the United States - bar none:

Daily Kos *Hillary Clinton's Record of Accomplishments*;
UltraViolet Action *WTF Has Hillary Done*; and
Mic.com *Hillary Clinton Resume, Age and Professional Accomplishments*.

Right-Wing Religious Fanatic's Record Trump's Running Mate, Governor Mike Pence

Pence as Governor (2012 - present):

- Signed into law every anti-reproductive rights piece of legislation that crossed his desk.
- Outlawed all abortions sought because of a fetal abnormality. Abortion providers could go to jail. Pregnant women had to view the fetal ultrasound and hear the heartbeat.
- Refused to comply with Obama administration rules aimed at reducing prison rape.
- Signed into law the most extreme bill permitting business owners to refuse service to gay and lesbian customers, therewith allowing religion to be used as an excuse for other forms of discrimination.

Pence in Congress (2000 – 2012):

- Authored the first bill to block federal funds from Planned Parenthood.
- Voted twice against the Lilly Ledbetter Fair Pay Act, and against the Paycheck Fairness Act.
- Co-sponsored the No Taxpayer Funding for Abortions Act aimed at redefining the rape exemption as "forcible rape."
- Co-sponsored an amendment to prohibited same-sex marriage, and voted against the Employee Non-Discrimination Act and the repeal of the military's "Don't Ask, Don't Tell" policy.
